GREENYEARS—1975

HISTORY OF MASS BAY

Massachusetts Bay Community College was the second community college established by the Commonwealth of Massachusetts in 1961. In that year, the college opened its doors to 419 students at a campus on Garrison Street in the Back Bay, near the Prudential Center. In September 1965, because of student enrollment, one-half the student body attended classes at Watertown High School while waiting renovation of what is now known as the Watertown Campus.

Accreditation of Massachusetts Bay Community College by the New England Association of Colleges and Secondary Schools came in December of 1967. Membership is also maintained in the American Association of Junior Colleges.

After a ten year search for a permanent campus, the Legislature of Massachusetts approved the purchase of the Elizabeth Seton High School in Wellesley in October 1973. In November of that year Massachusetts Bay Community College held its first classes at its Wellesley campus. This past year, 1777 students were admitted, 878 on the Watertown campus and 899 on the Wellesley campus.

From its early days, though in temporary buildings, the members of the student body identified themselves with the new College and its immediate and long-range objectives and manifested a true spirit of involvement, responsibility, and pride in the College – particularly in its growth and development on a sound academic and moral basis.

To the Members of the Class of 1975:

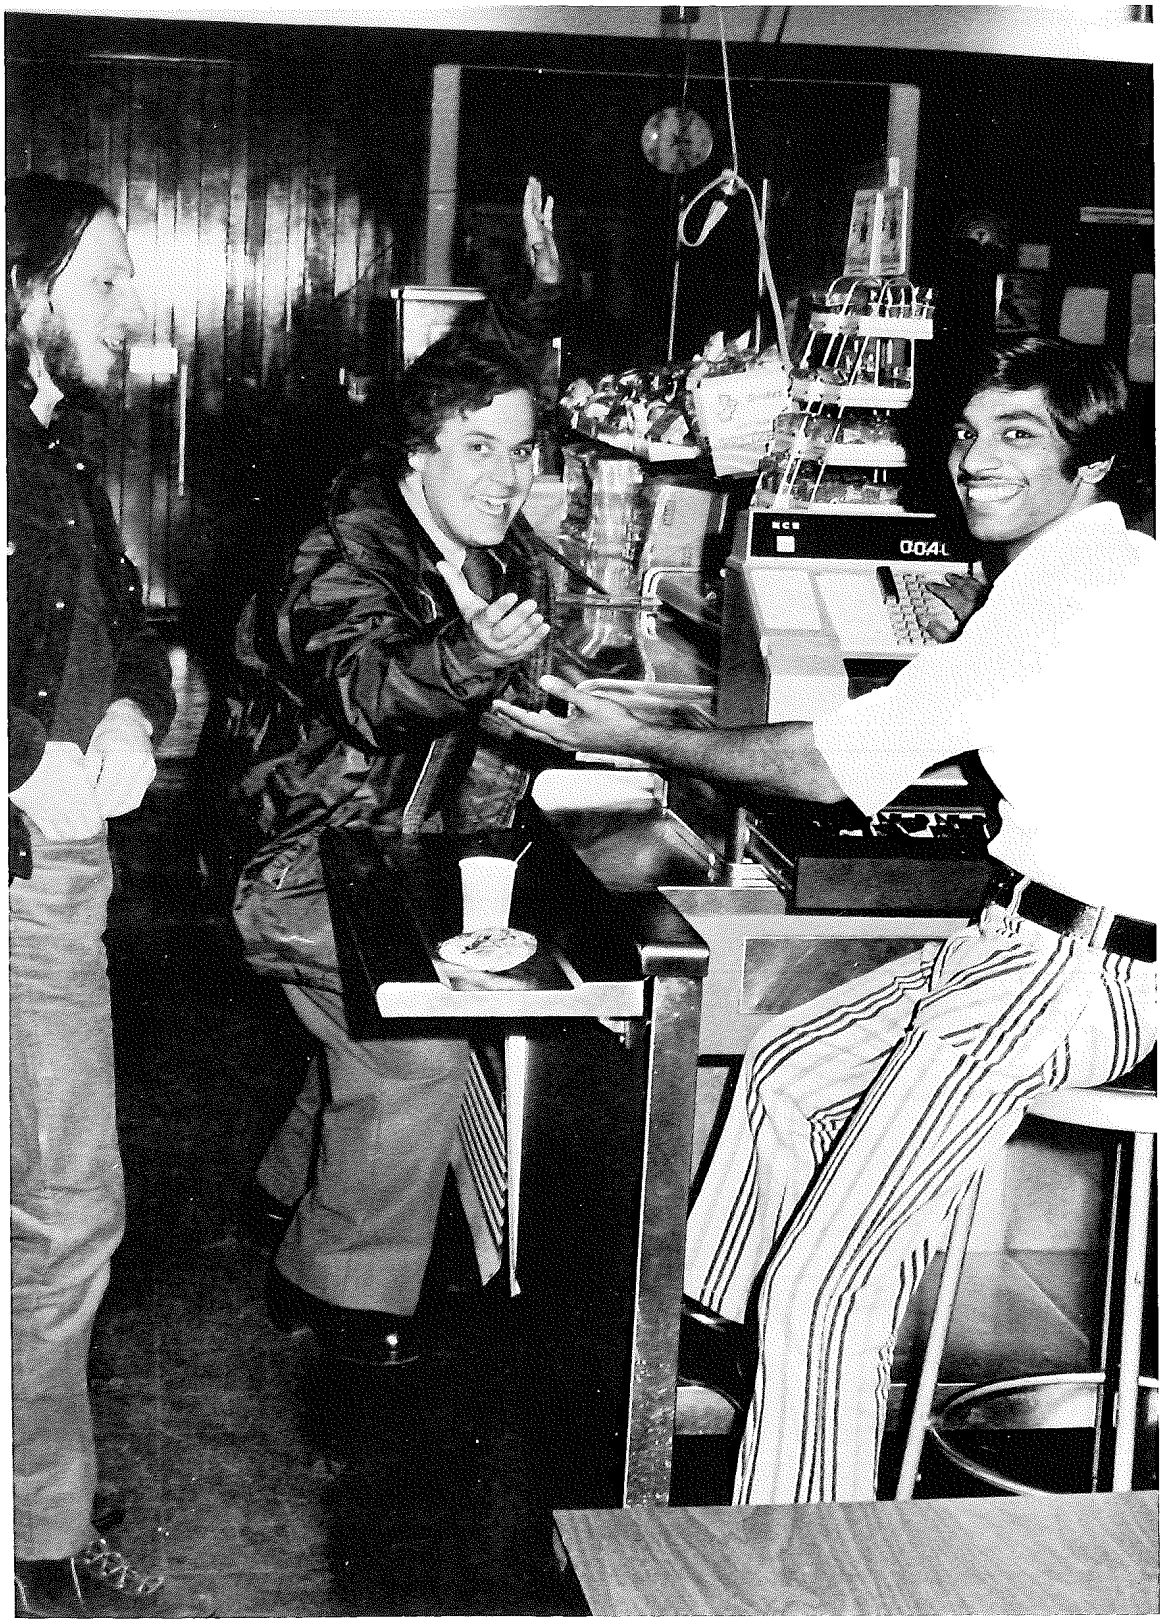

For so many years we believed together in the possibility of the fulfillment of a dream. It finally came true. We now have a "home", thanks to you and all the students who preceded you, and like all those who have preceded you, you will always be "our students". Take your place among the ever-growing alumni of your College and lend it your support as it grows and matures.

You came to us with such great potential and now you leave to cross the threshold into manhood and womanhood. Perhaps never in the turbulent history of our nation have there been such awesome crises as those of the past years. You are venturing into a world faced with national and international problems of enormous gravity and complexity. However, the world is yours. Your prospective future roles are likely to be significant and far-reaching in their impact. We who remain here look to you with great confidence and eagerly anticipate your future successes.

Your generation is striving for Peace and Understanding throughout the world. It is up to you to work hand in hand with one another for the future and for other generations to come.

We here at Mass Bay wish you good luck and Godspeed.

SILVER KEY

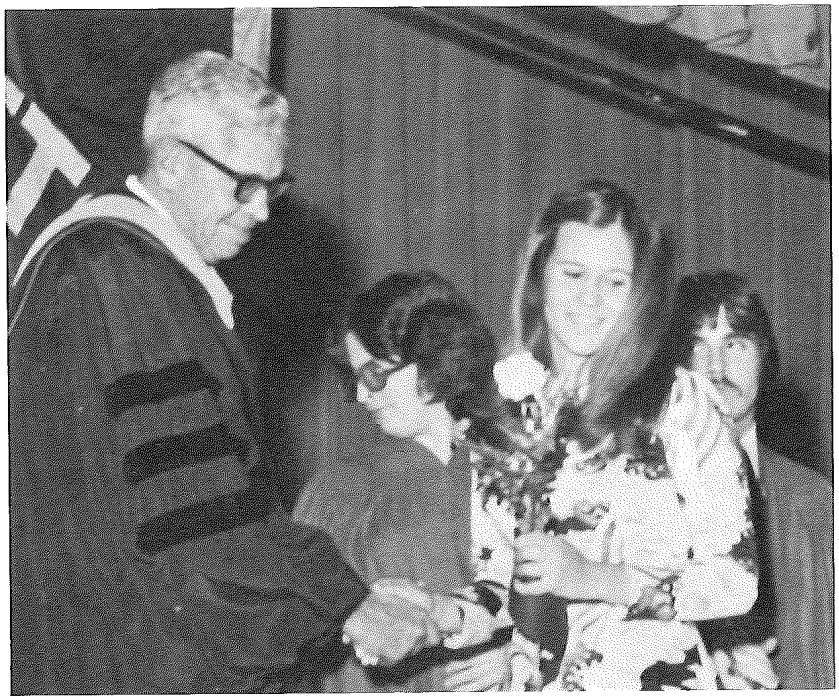

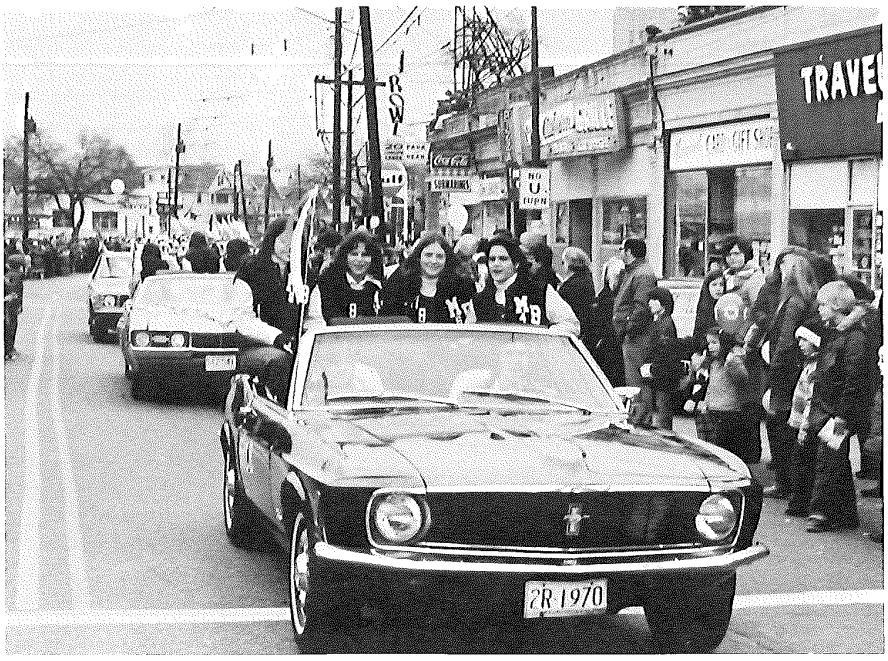

Silver Key is an honorary activities society established to recognize the various contributions made by students to the College and to the community at large. Although selection is primarily based upon service, leadership, active participation, and the unselfish giving of time, energy, and ability, a student must maintain a satisfactory level of achievement in his academic pursuits. Membership in this organization represents the highest honor this college can bestow upon a student who indicates these qualities of leadership and service which are so essential for the effective and positive development of the College and of the larger community of which we are a part.
