Greenyears

The green years of our lives
Reflect our dreams and hopes;
Collect our memories-to-be.
Communities of love,
They offer faith in others -
And ourselves.
Green years are best years -
Youth springs eternal
With promises delectable -
Savor, and enjoy.

MASSACHUSETTS BAY COMMUNITY COLLEGE

Faculty
&
Administration

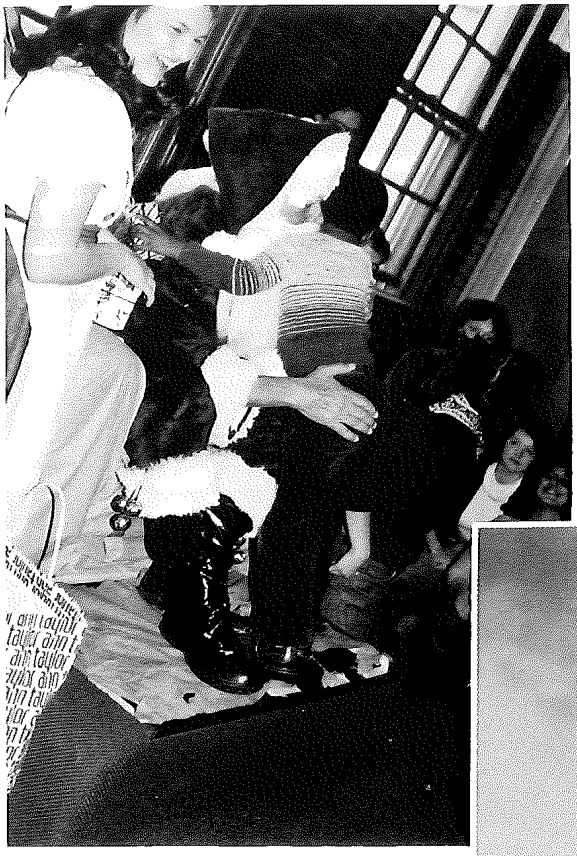

In writing a memorandum such as this, one reflects on the past as well as the present. In my twentieth year in this position, there are fond memories of three different campuses and several generations of college students, each with its own particular characteristics.

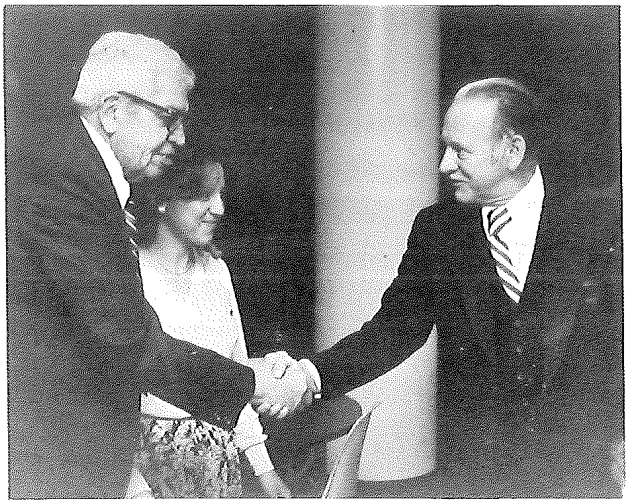

The problems that have confronted you have been more numerous and serious than most classes encounter. You have seen a budget crisis here at the college, unprecedented inflation and interest rates in this country, and a number of threats to international peace. It is to your credit that you have survived these things. Indeed you have done so with a flair and with class. The recent production of "Fiddler on the Roof" received rave reviews; our athletic teams continue to excel; the student services committee has given outstanding service to the community; other clubs and organizations have made innumerable contributions.
Gasoline lines, Americans held hostage, and Afghanistan hopefully will be resolved. Yet the world you face will continue to change rapidly and dramatically. You would, therefore, be well advised to use your innate as well as your acquired skills and knowledge in the years ahead.

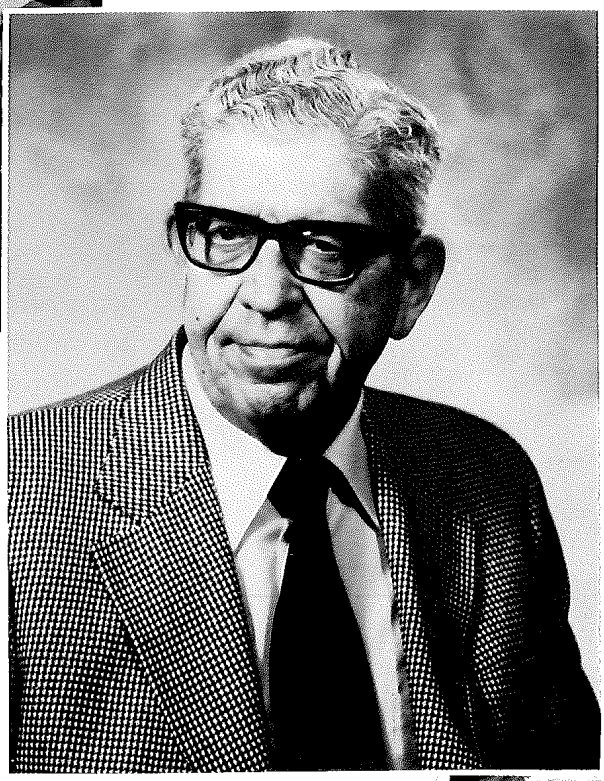

All of us here – faculty, staff and administration – have worked to assist you in improving your skills and reinforcing your maturation. In the process we have been enriched by your presence here.

We all join in wishing for each of you of the Class of 1980 success, good health, and happiness in your future endeavors.

Student Advisory Commission

The student Advisory Commission (SAC) functions as an extra link of communication between the student and the Massachusetts Board of Regional Community Colleges (MBRCC), the policy making board for the 15 community colleges.

SAC represents and strives to support student rights at all times. Their obligation to MBRCC is to instruct and advise them of student opinion; their obligation to the students they represent is to inform them of their rights and responsibilities as stated by the MBRCC; and their obligation to their fellow commissioners is to meet together and discuss student affairs and to offer helpful information, criticism, or suggestions.

The objective of the Social Activities committee is to alot the monies in a variety of activities that would best please the students. Many of previous years activities were repeated, some with greater success than others. However, two new activities were added: Casino Nite and a 50's mixer. Both activities proved to be such big hits, that they have already been added to the 1980-81 Social Activity calendar.

College Hour, which takes place every Wednesday between the hours of 12:30 and 1:30 p.m., tried this year to get as many different types of entertainment as possible. It included such favorites as Trent Arterberry, Locomotion Circus, and Jerry Hartnett's marionette musical as well as some new acts which made their debut at the college. By providing a variety of entertainment, the College Hour Committee tried to satisfy as many students as they could in their areas of interest.

MassBay Players

The Massbay Players, is the name given to the school Drama Club. The club consists of Mass. Bay Students, and for the musical "Fiddler on the Roof" enrollment was opened to the public. This year the Players strived to present a variety of performances to please everyone's tastes. Their first performance was entitled "Sin" which was performed during a college hour performance. Their first major production was the play "The Importance of Being Earnest". Both this and "Fiddler on the Roof" provided free entertainment for senior citizens. In addition, a percentage of the profits of "Fiddler" were donated to the American Cancer Society.

The purpose of Mass Bay's Fishing Club is to provide the opportunity for comradeship, fun, and a little fishing as well. The club attempts to have a fall fishing/camping trip, a three day ice fishing trip, a spring fishing/camping trip, as well as a deep sea trip each year. The 7th annual ice fishing trip was at Pine River Pond, New Hampshire. Twenty students, alumni, and advisors enjoyed themselves in a snug villa on the lake for three days in February.

A Silver Key

Silver Key is an activities honor society designed to recognize the contributions made by students in the College and the wider community. Selection is primarily based upon leadership, participation, and unselfish contribution of one's time, energy, and ability. In addition to this, the student must also be making satisfactory progress in his/her academic pursuits. Membership in the organization represents the highest honor this College can bestow for outstanding leadership and service to the College and the community of which we are a part.

You want those two pages of art . . .
today?

Those fun days of learning lay out

After this year's graduation, those yearbook members present gave Tom Leonard from Purdy-Vantine Studios a jacket for his outstanding service as a photographer.

The Yearbook Staff meets on a wet Sunday afternoon at Natick's Audubon Society to have a portrait taken. The portrait was part of a gift later presented to our advisor, Professor Julius Mariasis.

Yearbook '80

Dear Staff,

It has been my sincere hope, throughout the year, that when you read this book you will feel that your contributions were as valuable as any other persons, for this entire book would not have been possible without your combined efforts. Although, many generous comments will be heard when this book is produced, no one can fully appreciate its contents without having been a part of it. Thank you for your devoted time— all those Sunday afternoons, evenings and vacations— your creativity and mostly your support. I wish for Paula Ford, the 1981 Yearbook editor, a Staff as dedicated as I was fortunate to have.

This yearbook would not be complete without publically thanking the following people for their contributions:

Dr. McGlaughlin for his poem on the front cover;

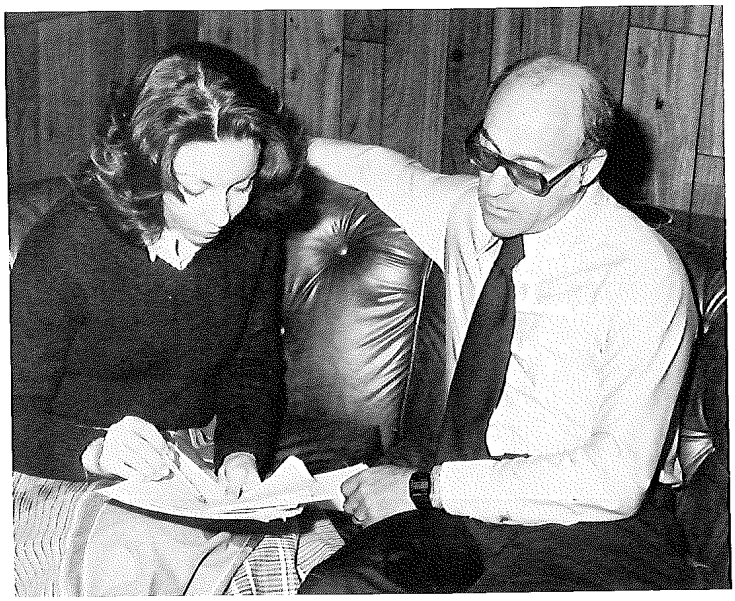

Lisa Naros for her art work;

and Jay Bleiler, of Purdy-Vantine Studios, for his assistance in giving Mass. Day the best possible service.

My final thank you is extended to Professor Mariabis for efforts above and beyond the call of an advisor, but mostly for giving me the motivation and the confidence to achieve and persist. Your wisdom gave me the know-how and your understanding gave me the courage.

Best wishes for the future,

Annmarie Quintaglie.
