Yearbook '82

To John F. McKenzie
President Masbay Community College

You have opened the doors to our future.
You have watched us grow.
Your warmth and friendship has guided
us through good times and bad.

You have given everyone who has come here
a part of you, a dream that anyone
can become something if they want to.

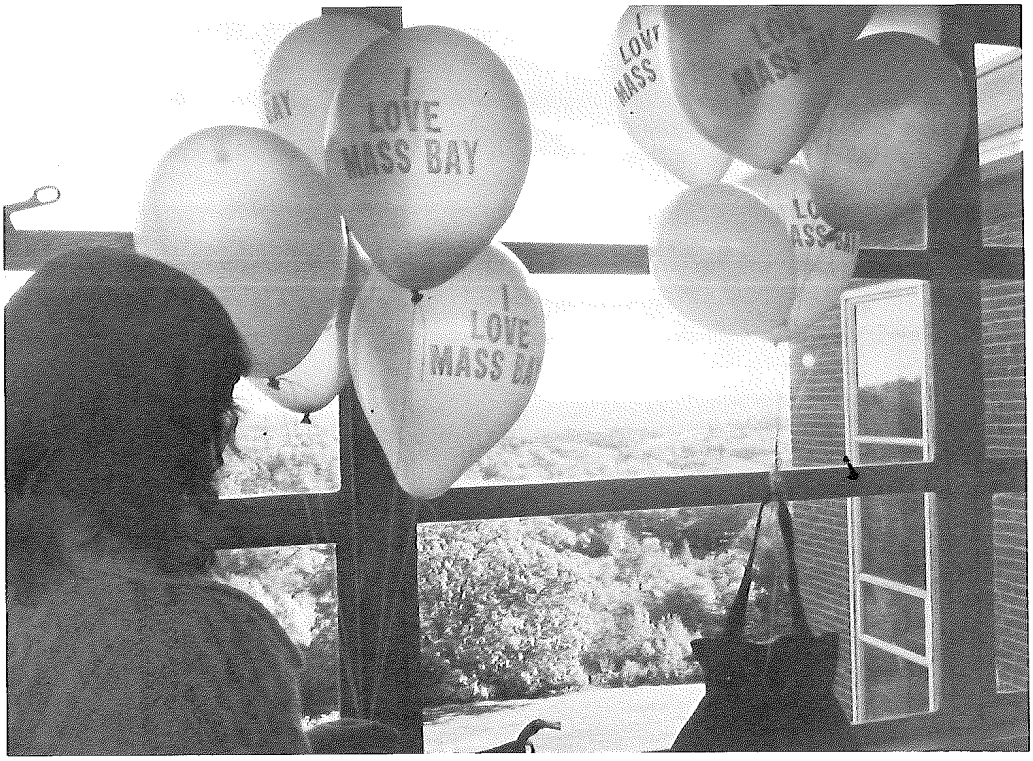

You have made Masbay what it is today,
a place where there is a future,
for all those who pursue.

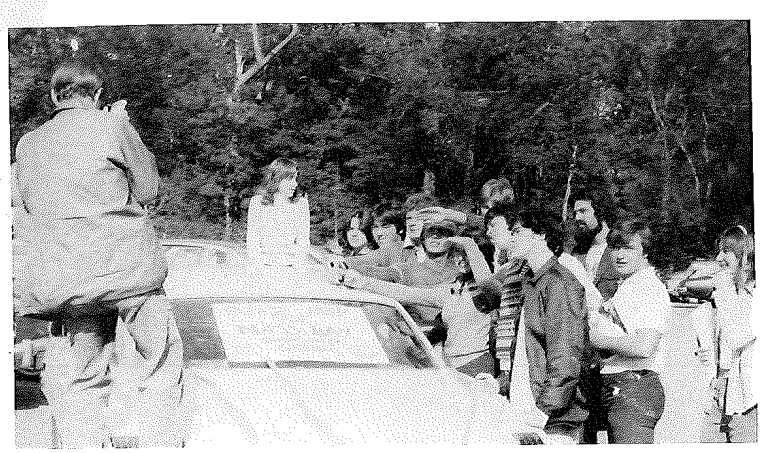

Your absence will be felt, because you'll
be taking the biggest part of Masbay
with you, the heart, and you are the heart
that has been beating to keep Masbay alive.

You have helped so many for so long.

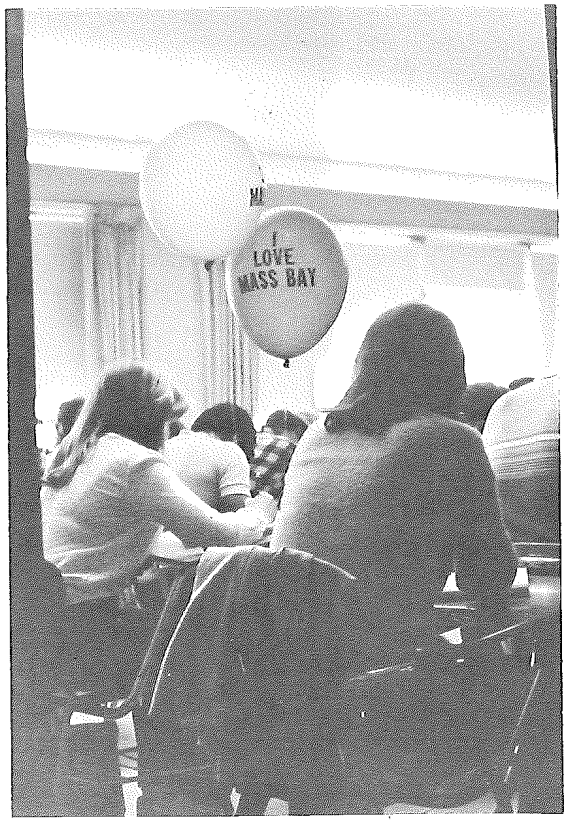

Thank You

MASS
BAY TO
MERGE

WILL WE HAVE A SCHOOL TO GO TO IN SEPTEMBER, 1981?

This was the question the entire student body was asking in late August, 1981. In July the staff of Massachusetts Bay Community College learned of a disastrous occurence. Mass Bay was merged with Framingham State College, WHY?

THE PROBLEM: How could the Legislature successfully cluster Mass Bay and Framingham State?

The state Legislature passes a budget every year. Part of the budget includes operating funds for public higher education. In the 1981-82 budget year, under the guise of saving taxpayer money, the Legislature "clustered" Mass Bay with Framingham State, thus trying to create the delusion that only 1 institution existed. A single sum of money was allocated for this illusion under the name of Framingham State College. Since the appropriation was well below what both colleges needed in order to satisfactorily serve the community, it became apparent that if Framingham State received the money it requested then Mass Bay would not receive its much needed share. COULD MASS BAY DIE?

The future of our college looked grim. There were many rumors to be heard, including the suggestion of selling the MBCC property to industry, thus eliminating our college completely. Then the improbable idea that FSC would expand to accept our displaced students crept forth. HOW COULD WE SURVIVE?

The newly appointed Board of Regents of public higher education were also caught by this financial dilemma, since it was their responsibility to divide up their appropriated funds. BUT HOW?

THE STRUGGLE FOR SURVIVAL BEGAN
or how to save a school

Was MBCC worthy of continued existence? Positively YES!!! Students, faculty and staff believed this. But did the Board of Regents, leaders in the Legislature or the local community? NO ONE KNEW!!!

WE HAD TO TELL THE WORLD THAT MASS BAY WAS IMPORTANT AND PROVE IT, but how?

LOBBYING EFFORTS: Was there enough time left to organize a campaign?

Through the dedicated efforts of a handful of faculty and staff, the Board of Regents were plagued by telephone calls, as a result of a plea this group sent to the student body, asking them to telephone the Board of Regents in an attempt to stop this action. Their efforts proved extremely successful, because the Board of Regents decided to further investigate Mass Bay before closing our college. They set up a special Task Force to learn more about us. WHAT DID THIS MEAN?

We had mad a minor impact on the world, but we still had far to go. To deal with the investigation of the Task Force, a special Resource Committee was organized within our college, consisting of student leaders, faculty, and administrators. Joint efforts of this group encouraged the entire student body to participate in a "SAVE MASS BAY" campaign. HOW COULD THE STUDENTS PARTICIPATE?

The students were encouraged to write letters, make telephone calls, and attend an exciting rally. Basically, there were three objectives to be met. WHAT WERE THEY?

1. EDUCATE STATE OFFICIALS: How do we tell the world we are here?

The function and purpose of our college had to be made known. A first letter writing program was organized. Students were given literature explaining the facts and were asked to write a letter to their local Senators and Representatives. Tables were set-up in the lobby and operated by volunteers to encourage and/or help students with this program. Over 1,400 letters were produced.

2. PREPARE FOR THE TASK FORCE VISIT: Could we change their opinion of us?

The Task Force scheduled a visit to our campus on Wednesday, October 7, 1981. The specific agenda included a breakfast with students, a tour of our campus and meetings with faculty, administrators and trustees. WHAT WAS AT STAKE?

Knowing the future of our college could be determined in this short time span, all groups in the school pooled forces to demonstrate the needs, functions and purpose of OUR college. A rally was organized for the activity hour that day. Balloons filled the air and "SAVE MASS BAY" buttons were proudly worn. Even our cars proclaimed our love for our college, as bumper stickers were proudly displayed. As the Task Force walked through the cafeteria, you students gave them a STANDING OVATION; surely they were moved by this gesture. Steve Zambarano, acting as master of ceremonies most of the day, kept the students informed on continuing events throughout the day. The rally was extremely successful. Spirits were high. President McKenzie, David Taylor, student body president, and Marlene Fleischman, re-entry coordinator, each spoke, thanking every one of you for your participation in our school's action to fight the merger.

Several radio and television stations and newspapers came to interview students. As a result, much positive publicity began to appear. We were beginning to succeed. There was a renewed awareness of Mass Bay's meaning.

3. PERSUADE THE STATE OF THE NEED FOR MASS BAY: Could we succeed?

The Task Force was to give its recommendation to the Board of Regents of November 12, 1981. We still had to convince them as well as leaders of the Legislature of the students' need for and dedication to Mass Bay. A second letter writing campaign was launched. We wanted each student to write a letter giving his/her reason for choosing Mass Bay. With the help of a dedicated faculty, this endeavor generated well over 15,000 letters in total, with approximately 1,000 going to each recipient.

On November 12, 1981, our efforts proved worthwhile. The Task Force recommended

NO MERGER

to the Board of Regents. At their December 12 meeting, the recommendation was voted on and passed. We were given a survival budget of $3,200,000, but because of our persistence with telephone calls, the Legislature passed a supplemental bill giving us an additional $100,000. The total of $3,300,000 would allow Massachusetts Bay Community College to function as it had before. DID WE SUCCEED?

"MASS BAY WAS SAVED"

and will continue to survive.

To the Class of 1982

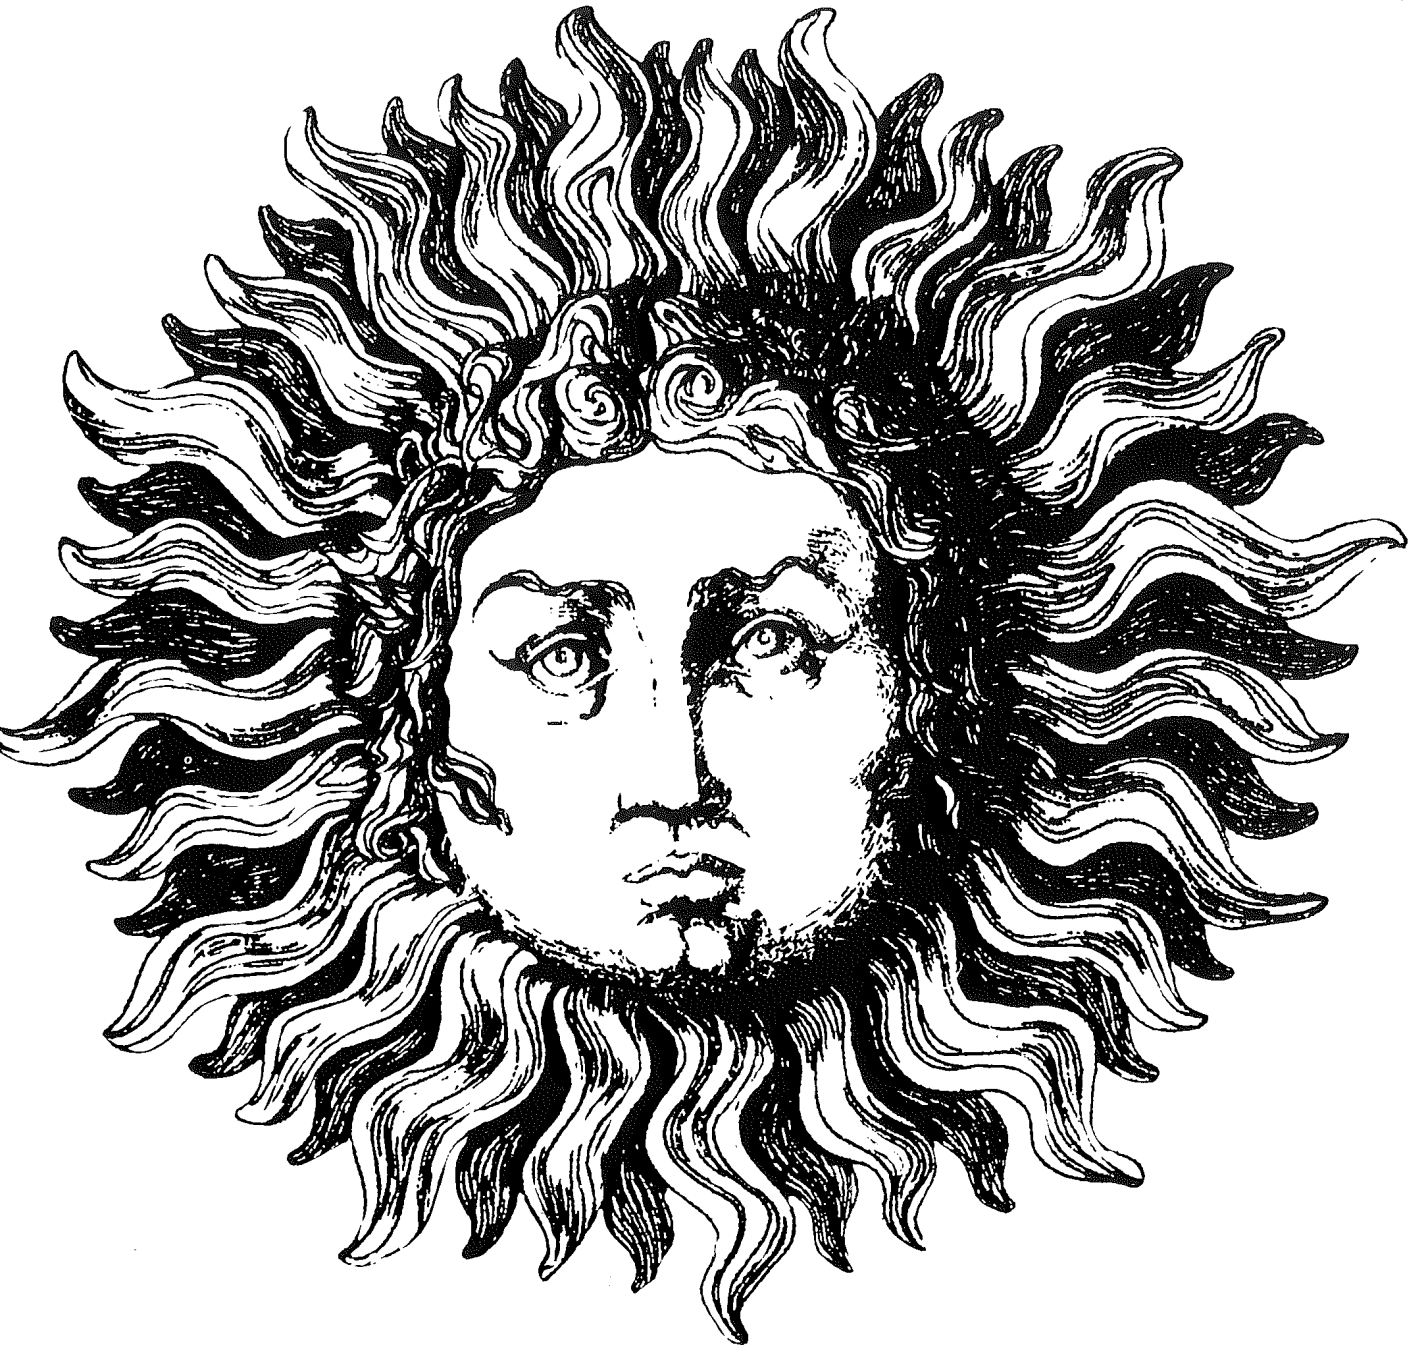

To you who make up the Class of 1982, these last two years have been both chaotic and wonderful. Chaotic because of the potential merger situation which we faced last Summer and Fall, and the problems we encountered as a consequence - the anxiety on the part of students, faculty and staff with the prospect that the College might be closed; and then exhilirating because of the loyalty and support you demonstrated by joining together with the entire College community to fight for and win the permanent preservation of the College. Many families and friends joined with us and were instrumental in our success. Several members of the Board of Regents have indicated to me that as a result of our efforts, the future of this College in particular and community colleges in general is assured.

I am sure you have discovered long before now that this College is somewhat unique in that we as a faculty and staff do care about you as students and as individuals. The faculty has given unselfishly in order that you might be enabled to realize your greatest potential both personally and educationally. It is our hope that you will approach your respective careers with a deep feeling of commitment.

We at the College look to you with great confidence and eagerly anticipate your future successes. We all join in wishing you "Good Luck and Godspeed."

Sincerely yours,

John F. McKenzie

IN MEMORIAM

In Memory of Carol A. Collins 3/4/82

A light from our nuring class is gone
A voice we cared for is stilled
A place is vacant in our hearts
That never can be filled
The happy times we once enjoyed
How sweet their memory still
But death has left a vacant place
This world can never fill

ACTIVITIES

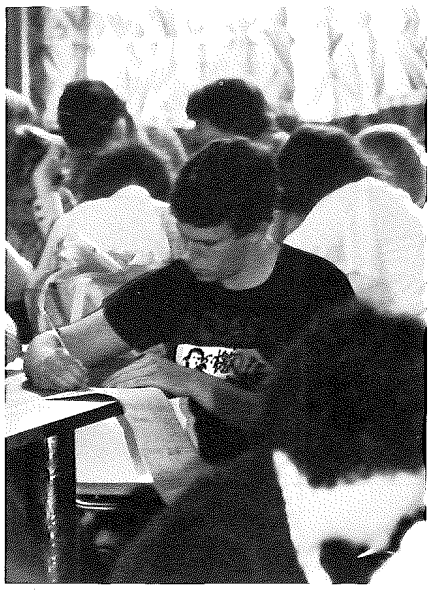

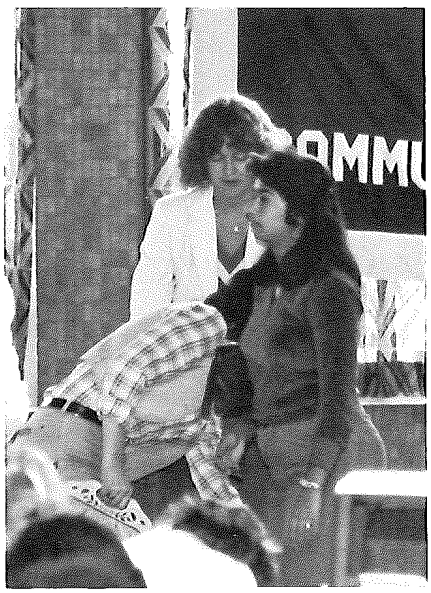

FRESHMEN ORIENTATION

The annual Freshmen Orientation was held at Mass Bay this September for all incoming students. Various speeches were made by all the important individuals of the college, and a survey from the American Council on Education was taken. Sign-up sheets for clubs and organizations were available for any students interested. Finally, each met with their advisors with any problems or questions.

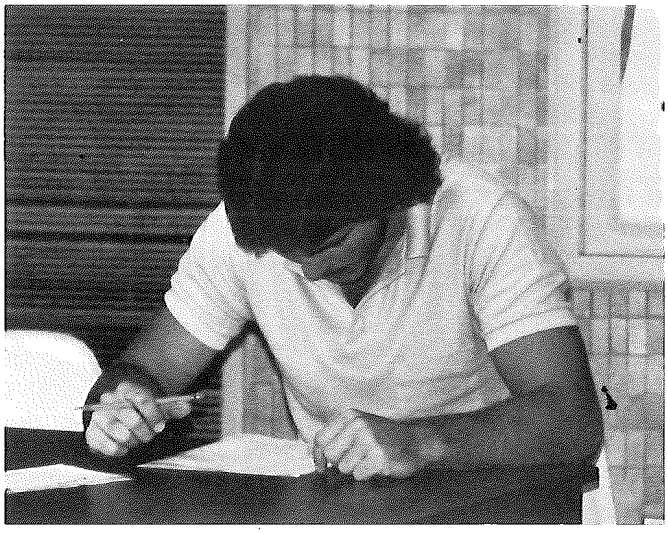

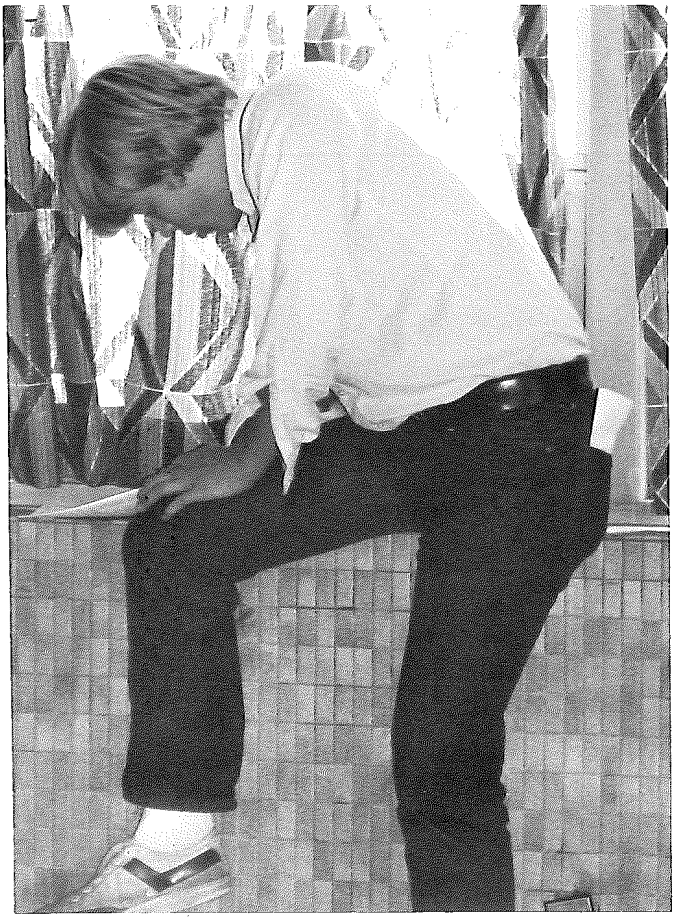

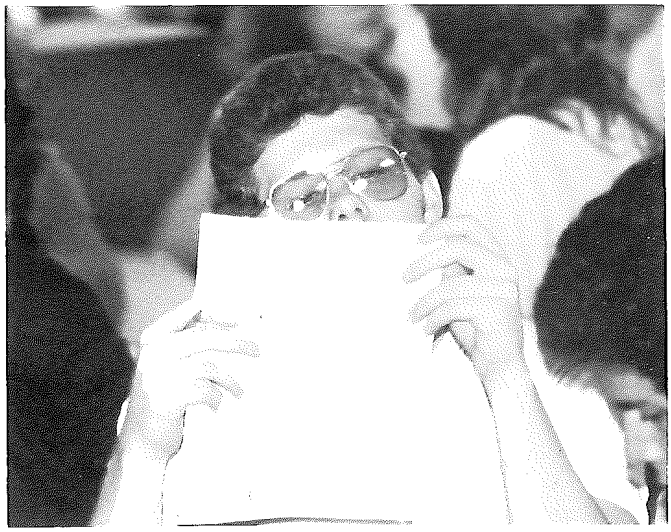

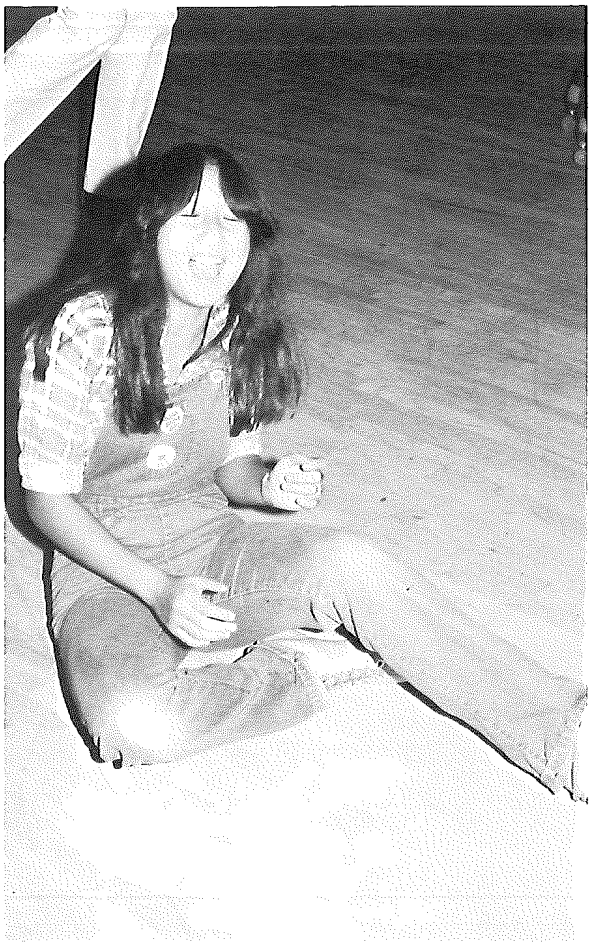

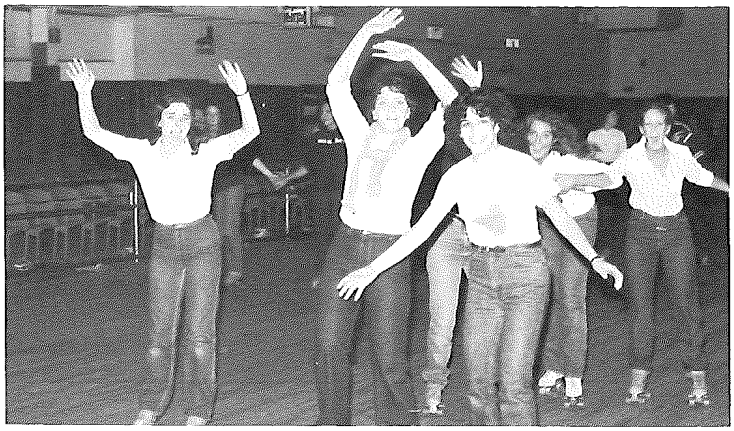

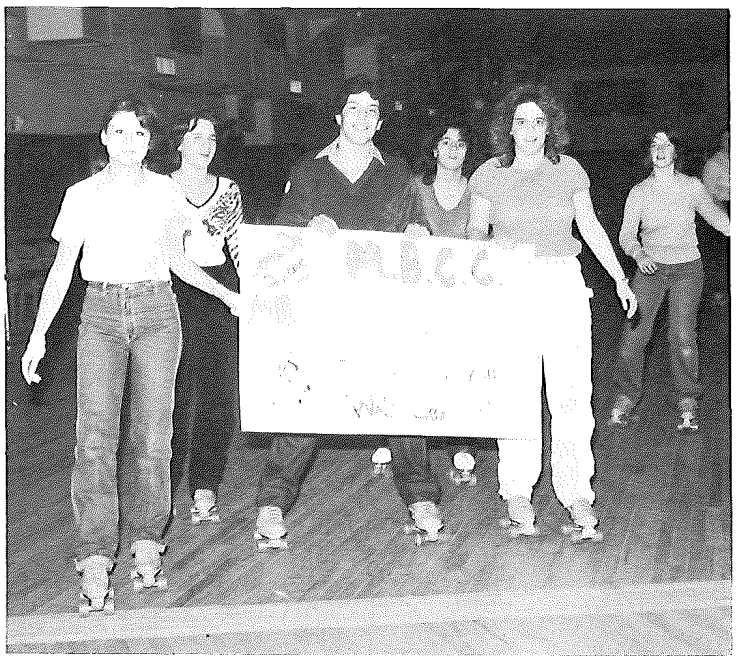

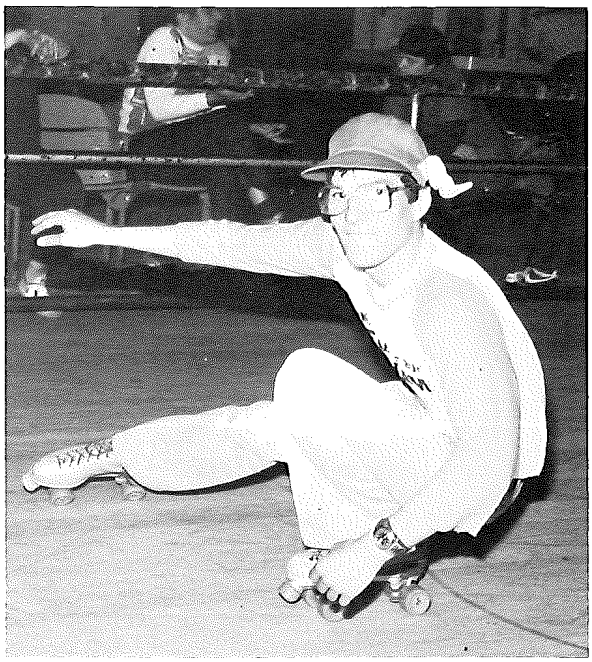

ROLLERSKATING PARTY

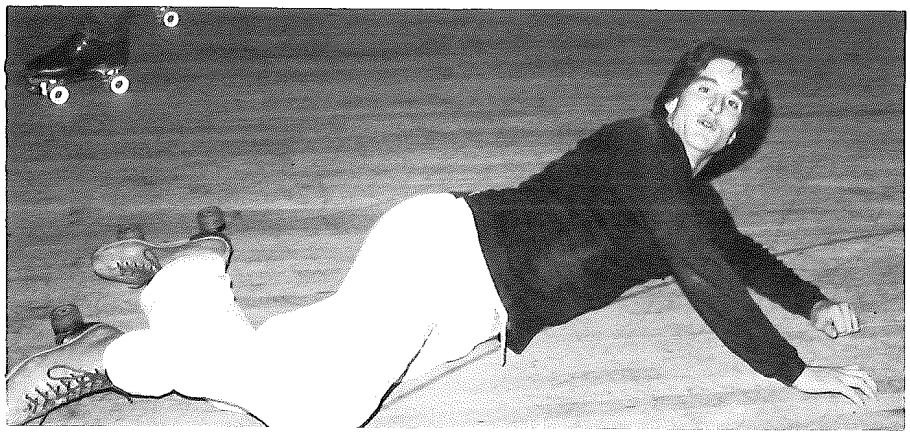

On Tuesday, October 6, Mass Bay's Rollerskating Party was held at Wallex roller rink in Waltham Mass. From 7-10 p.m., students as well as faculty showed off their skating technique, and ended up with a few bumps and bruises. An all around good time for all!!!

MASQUERADE MIXER

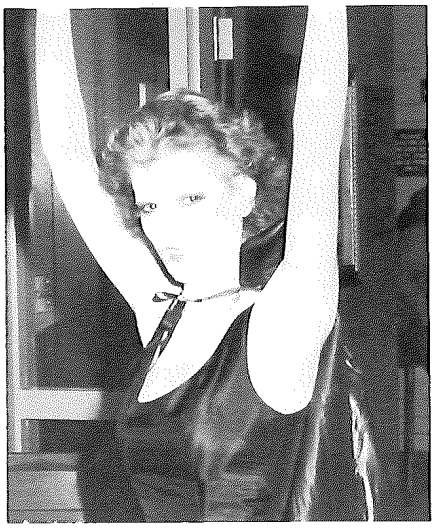

The annual masquerade mixer was held in Mass Bay's cafeteria once again, with a fantastic turnout. All the students dressed in various kinds of clever costumes, which were judged and awarded prizes. Best individual costume went to "Elvis," best group, "The Wizard of OZ."

HOLIDAY BALL

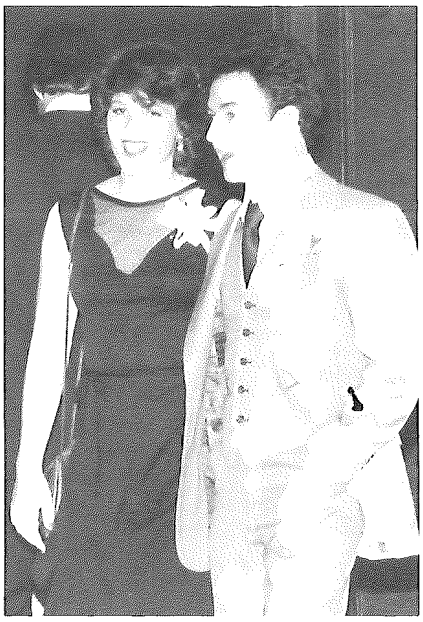

This year's annual Holiday Ball was held at the Marriot Hotel in Newton. The semi-formal included dinner and dancing and a jolly visit from a man in a red suit! A large portion of the student body, as well as faculty attended the gala celebration.

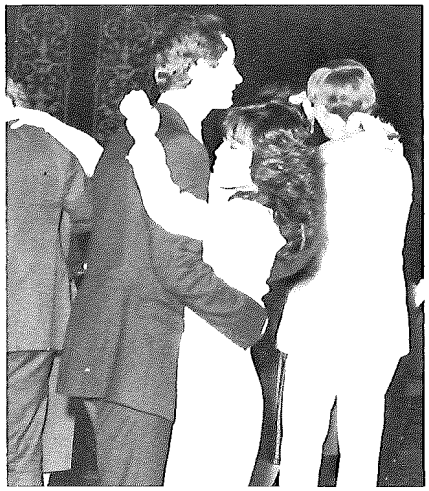

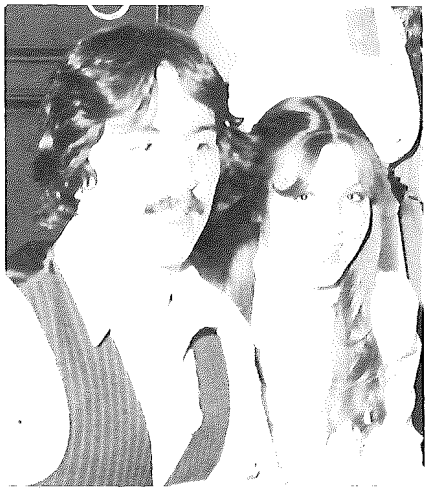

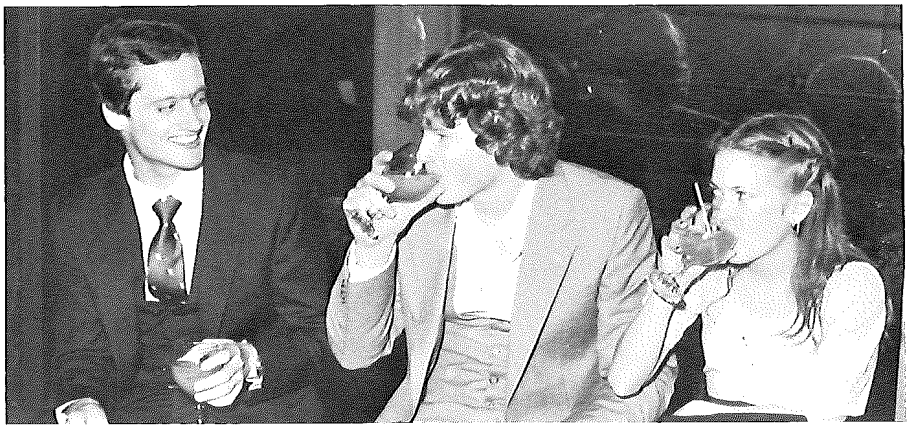

NEW WAVE MIXER

This year the social activities committee had a few different ideas up their sleeves for their monthly mixers. One of which was Mass Bay's own "New Wave Dance." Students attended in some of the wildest costumes ever seen, including multi-colored hair! The popular band "Crossfire" kept everyone dancing!

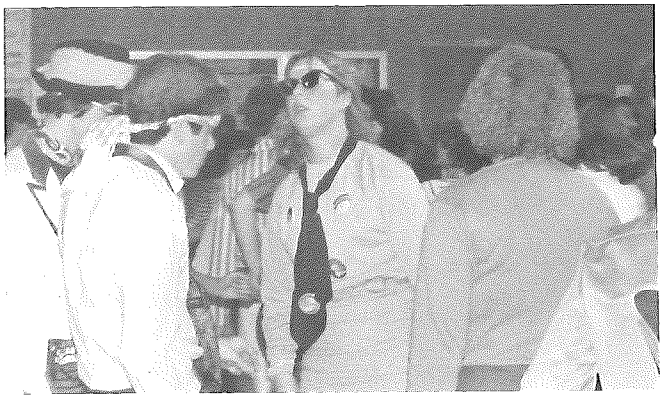

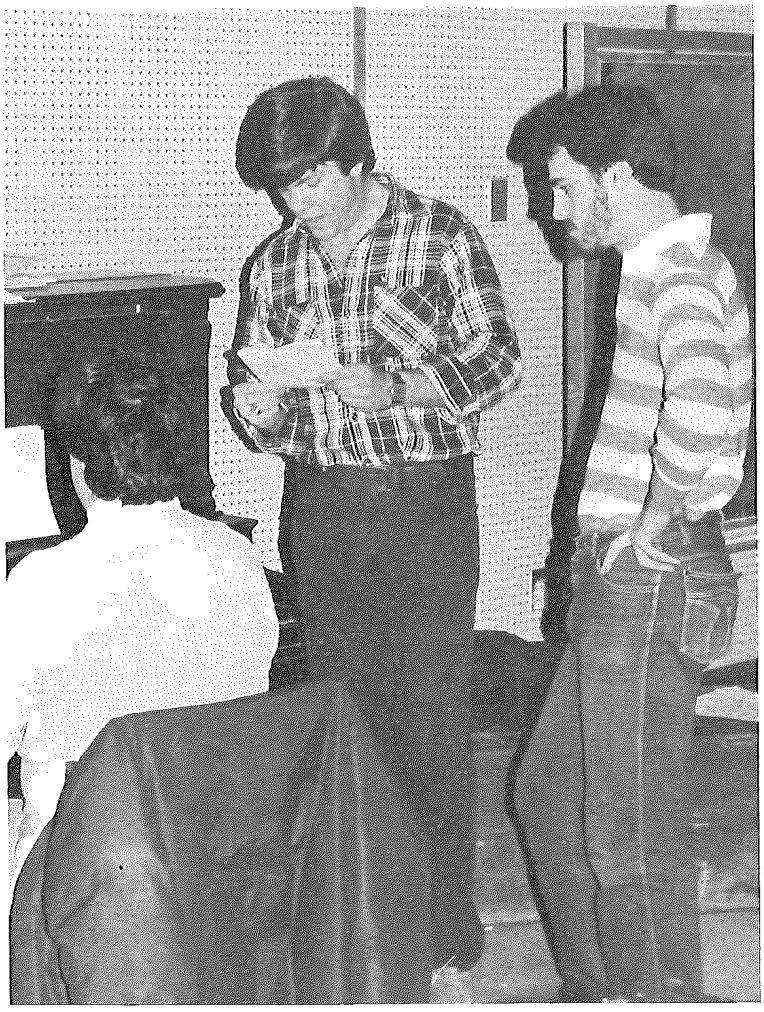

GREASE TRYOUTS

Over 75 students showed up for the casting of "Grease." Director Roger Wolf had the difficult task of selecting some 21 members out of the most talented group. Tryouts included singing, dancing, and of course acting. Little did everyone know that the few that were chosen would put on such an outstanding performance, making over $2,000.00! Now that's talent!

To The Class of 1982,

There are no words that can sum up the endless hours spent in the Yearbook Office. For all of you who purchased this book in advance, we are grateful. It is a nice feeling to know there are those who have faith in a small group of dedicated people.

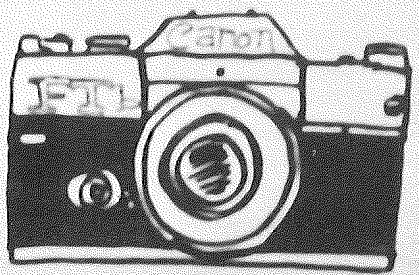

It has been our goal to document the most turbulent and uncertain year in the history of Masbay. Through photography we are actively involved in many of the events as Masbay. We hope to have preserved some very special times spent with one another.

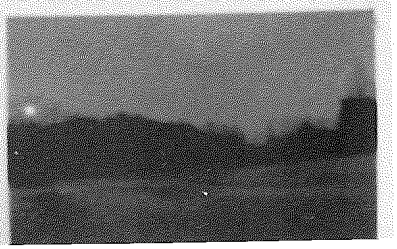

Best of Luck

SILVER KEY

Silver Key is an activities honor society designed to recognize the contributions made by students in the College and the wider community. Selection is primarily based upon leadership, participation, and unselfish contribution of one's time, energy, and ability. In addition to this the student must also be making satisfactory progress in his/her academic pursuits. Membership in the organization represents the highest honor this College can bestow for outstanding leadership and service to the College and community of which we are a part.

GET YOUR CAREER OFF TO THE RIGHT START!

Save your valuable time—interview for a job that appeals to you!

Emerson Personnel knows the pulse of the city and suburbs, in all phases of the business community. And, now is the time to market your skills. Why not invest a few moments with a professional counselor and see for yourself how important you are to our clients?

As Simple As 1-2-3!

1. We present your talent and skills to the employer in response to a specific need. When the employer indicates a definite interest, a firm appointment is scheduled.

2. We do all the initial screening. So you know in advance exactly what the position entails, including potential for growth, vacation policy, and benefits package.

3. You receive expert assistance regarding effective techniques for a successful interview, appropriate questions to ask to satisfy your own curiosity and level of interest.

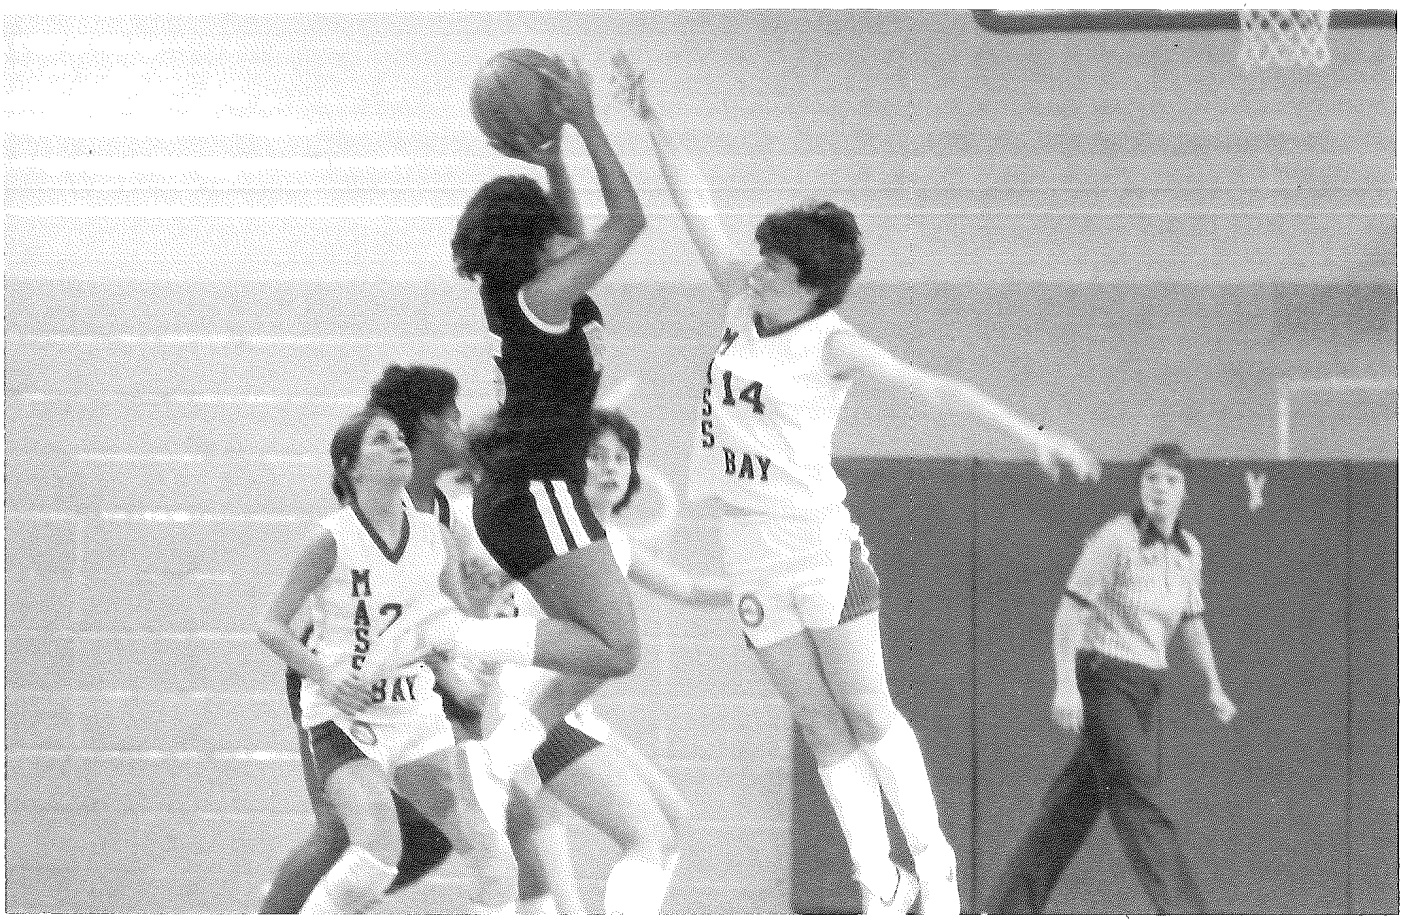

No one does a better job in matching your interests to the requirements of our client companies than Emerson Personnel. And there is no charge to you for our services!

Our professional counselors are friendly, knowledgeable and eager to advise you. We have existing career opportunities in a wide variety of fields.
